Education

Savitribai Phule Pune University

August 2019 - June 2022

Bachelor of Science in Statistics (CGPA of 7.81)

Pune, India

Experience

SevenMentor

July 2023 – January 2024

Data Science Intern

Pune, India

- Developed and implemented Python and SQL projects, including analyses of Zomato and Uber data, demonstrating a strong grasp of data science concepts.
- Conducted thorough research on the stock market, utilizing yfinance for data extraction, and provided valuable insights contributing to strategic decision-making.

Projects

Zomato Data Analysis | *Python, Numpy, Pandas, Scikitlearn, MySQL* |

4

- Analyzed the data taken from Zomato to understand the business requirements. The Python script gives a very interactive plot and charts describing the buying patterns of customers in pune. Approximately 80 percent of the customers have ordered from Rs 250 to 350 for two people.
- 39 percent of the restaurants belongs to casual dining.

Customers Churn Prediction | *Machine Learning, Deep Learning, Python, Data Anlysis, Matplotlib, Seaborn* |

4

- A Machine Learning Model which predict the churning rate in a Bank. Estimated that 10 percent of the customers who will churn may belong to the age group 30-45.

Amazon Product Sales Analysis | *Python, Numpy, Pandas, Seaborn, Matplotlib* |

4

- Conducted an in-depth analysis of sales data for Amazon products, revealing that the year 2015 exhibited the highest sales figures, attributing it to specific market trends and consumer behaviors identified during the analysis.

Employee Managment System | *MYSQL, Python, GUI, Tkinter* |

4

- Designed and developed an advanced Employee Management System using Python, leveraging the power of an SQL database for efficient storage and retrieval of employee details.

Certification

- Certified in Python programming, showcasing proficiency in versatile coding and problem-solving skills from Seven Mentors.
- Certified in SQL, demonstrating adeptness in efficient database management and querying from Seven Mentors
- Certified in machine learning, highlighting expertise in advanced algorithms and data analysis for predictive modeling from Seven Mentors.
